## Practices

While our offices are located in the nation's capital, Washington, D.C., our clients are located throughout the United States. We represent clients in a broad range of industries, from financial services, with assets ranging from \$25 million to \$50 billion, to investment banks, private equity firms, manufacturers, retailers, distributors, medical practices, technology firms, and restaurant chains.

Our clients receive the direct, personal attention of the engagement partner who is responsible for making sure that the client's requests are met on a timely basis at a fair and reasonable fee. We understand the business of each of our clients, permitting us to deliver valuable strategic business and financial advice in connection with our legal services. We are sensitive to our clients' financial situations and we are able to provide flexible and innovative fee arrangements.

We are a results-oriented firm whose focus is to be part of the solution to achieve our client's goals and encourage an open line of communication with our clients and client feedback on any aspect of our relationship. We work directly with Boards of Directors and/or senior management on matters of extreme importance to the corporate life of our clients. Our goal is to support and assist in-house counsel (if one exists) and to work closely with local counsel to achieve the clients' desired results.
